The perfect daughter.

Military Chaplains and Religious Diversity

Though they are largely excluded from the Enlightenment canon, and suffer from a lack of attention even in comparison with their French and British counterparts with few of their works translated into English the works catalogued in this database are certainly deserving of wider philosophical consideration, as indeed the history of 18th century Germany thought cannot be told without acknowledging the key roles that these women played. In my experience almost no one on the Right fits either category nor associates with any who does.
