## **The Body Economic: Why Austerity Kills**

Studies now show that the impulse to take the most basic of actions—the movement of a finger, for example—originate in the brain at least a full second before we're consciously aware of our desire to move it. If you address the energetic cause and release that negative energy, then the physical manifestation will often spontaneously take care of itself or it will make its removal much easier.

## **United Nations Reform: Heading North or South? (Routledge Advances in International Relations and Global Politics)**

Seeing the Northern lights should be on the bucket list of every loving duo, and one of the best places to capture this natural wonder is Iceland, a fascinating land of active volcanoes, geysers, glimmering lakes, and picturesque hamlets.

## **Giraffe 4 Cross Stitch Pattern**

She'll throw it in the air, swat at it, watch it land, and then pounce on it.
